

UNITED SPORTS ACADEMY FACILITY RE-OPENING PLAN & PROTOCOLS

The United Sports Academy is committed to providing a safe and healthy environment at the CNOS Fieldhouse. We have and always will prioritize the health and safety of our athletes, families, staff and community members above everything else.

Upon reopening, even though our daily operations will look a little different, the core **UNITED** values and experiences remain the same. Our programming promotes more than just learning and development of our athletes in their respective sport. Our highly skilled coaches and trainers promote values such as competitiveness, dedication, and leadership skills that transcend athletics into every aspect of our athlete's life.

In response to the Covid-19 pandemic, the United Sports Academy has implemented new social distancing measures within the CNOS Fieldhouse along with implementing rigorous cleaning and sanitation measures to enhance daily procedures already in place. As we continue to monitor the impact of COVID-19 in our local community, we will continue to adjust facility operations and cleaning protocols to continue to create and provide a safe and healthy environment for our athletes, families, staff and community members.

Implemented Social Distancing Measures

- All athletes, coaches entering the CNOS Fieldhouse will be required to maintain a minimum distance of 6 feet from one another during all activities at all times.
- All bleacher and cafeteria style seating regularly used for athletes and spectators have been removed and have been replaced with individual chair seating. Chair seating will be spaced 6 feet apart to ensure all athletes are maintaining physical distancing requirements.
- Due to limited seating and to eliminate gatherings, we will temporarily not allow spectators within the facility. Parents and/or guardians will need to drop athletes off for their scheduled activity and when picking athletes up at the conclusion of their activity, parents and/or guardian will be required to remain outside of the facility and wait for athletes to exit the facility.
- We will designate our South doors for entry into the CNOS Fieldhouse and designate our West doors for exiting the facility to assist in limiting interaction.
- Interior entry and exit doors will be propped open to minimize the touching of entry and exit door handles.
- No athlete to athlete or athlete to coach contact activities will be permitted.
- Customary handshakes and/or high fives between athletes and or coaches will not be encouraged.

How We Are Keeping Shared Spaces Cleaner and Safer

Knowing our common areas are used by staff and members alike, we have augmented our cleaning and sanitization processes for everyone's safety and peace of mind. We've enhanced our regular cleaning and sanitizing processes of all public spaces, with an added emphasis on frequently touched common contact surfaces. All areas will be disinfected with an EPA-approved disinfectant.

In addition, at the completion of each scheduled session/activity, we will conduct a very detailed cleaning/disinfection of all frequently touched common surfaces and objects prior to the start of the next session to include:

- Entries and doorways - All entry and exit doors will be cleaned and thoroughly sanitized.
- Public bathrooms - Touchpoints will be cleaned and sanitized, to include entry door, stall doors, toilets, urinals, floors, door handles, sinks and faucets, and soap, paper towel and sanitizer dispensers.

UNITED SPORTS ACADEMY FACILITY RE-OPENING PLAN & PROTOCOLS

- Individual Chair Seating – All chair seating will be thoroughly cleaned and sanitized.
- Common sports equipment – All shared sports equipment will be cleaned and sanitized after each use.

Administrative Areas/Offices

Safety starts behind the scenes. We're taking extra steps in our administrative areas to ensure our team members' safety and help them carry best practices forward to our members. We start with these important steps:

- Team members will be required to wash their hands with soap/water and disinfect with sanitizer upon entering the facility and prior to taking part in a new session/activity.
- Staff offices, phones, desks, counters, workspaces, and related equipment will be sanitized daily or upon a new staff member using shared equipment.

Additional Facility Safety Measures

- Multiple hand sanitizer stations have been installed throughout the facility. Our staff will encourage all patrons to wash their hands with soap/water and or disinfect with sanitizer upon entering and exiting the facility. Additionally, there will be gloves, disinfectant spray bottles as well as disinfectant wipes made available to patrons and staff.
- Social distancing reminder signs have been placed throughout the facility and on the TV monitors, encouraging six feet of distance between everyone.
- Signs reminding everyone to practice good personal hygiene will be displayed in public restrooms and will also be displayed on the TV monitors inside the facility.

Temporarily Closed Amenities

- On-site arcade will be closed.
- Self-serve vending machines will not be available.
- No food or beverages will be sold from our on-site concession stand during activities.
- Mezzanine access will be prohibited.

In the event our state, county or local authorities issue new or enhanced restrictions, we will adhere and abide by the new restrictions and update everyone.

We appreciate your cooperation in helping us maintain a safe experience at the CNOS Fieldhouse for all to enjoy and if anyone has questions, concerns or additional safety recommendations, our United leadership team is happy to speak with you and may be reached at (712) 454-4043 or via email at info@usportsacad.com
